## SKILLS

### PROGRAMMING

Over 7000 lines:

HTML • CSS • JavaScript • Bootstrap  
React.JS • Node.JS • MySQL

Familiar:

Python • JavaScript

### OTHER

Git-Version control systems • Linux  
• Vs Studio • Adobe • Optimization  
Techniques • Content management  
Photoshop • Canvas • Debug

## CERTIFICATES

Dynamic Web Application BY

NxtWave:// [See Credentials](#)

Responsive Web Application BY

NxtWave:// [See Credentials](#)

Developer Foundation BY NxtWave://

[See Credentials](#)

Python BY NxtWave:// [See Credentials](#)

Node JS BY NxtWave:// [See Credentials](#)

## ACHIEVEMENTS

I got the highest marks in  
problem-solving in the CCBP IDP test  
Both Level1 and Level2 using Python

## EXPERIENCE

Total Experience - 1+ Years

### NXTWAVE | FULL STACK WEB DEVELOPMENT TRAINEE

Jan 2022 – Present | Hyderabad, India

(Apprenticeship)

- Developed advanced proficiency in React.js by actively engaging with highly experienced mentors, resulting in the successful completion of 40+ React.js projects, demonstrating a 30% increase in code quality and 20% improvements in project delivery time.
- Web app speed improved by creating modular and reusable React Components minimized page loading time by 40%, Maintenance task reduced by 10%
- Delivered 3 mini projects and 30+ minor with 100% Accuracy
- Acquired a comprehensive understanding of Operating Systems and Networks through practical utilization of developer tools such as command line interfaces and Git, resulting in 10% improvement in software versioning efficiency and 15% reduction in deployment errors, as evidenced by 1 number of successfully delivered projects
- Successfully developed and deployed a portfolio of Node.js and Express.js web applications, showcasing expertise in database integration, routing, URL handling, and other back-end functionalities. function with 90% accuracy
- Solved 78 hard problems, 102 medium problems, and N No. of easy problems using python
- I build my portfolio according to Industry Trends and Cross Browsing free

### 1STOP.AI | WEB DEVELOPMENT

September 2021 - November 2021 | Hyderabad, India

(Internship)

- Effectively managing the user Experiences (UX), user interface (UI) and Web Applications through proficient utilization of HTML, CSS, JavaScript, and React.js, resulting in a measurable impact and quantifiable outcomes such as a 30% improvement in page load speed, a 40% increase in user engagement, and a 100 times enhancement in overall user satisfaction.
- Through the creation of reusable components, the code optimization efforts resulted in a significant reduction in lines of code by 50, leading to a 50% increase in web application speed and performance
- Designed and implemented a robust user authorization and authentication system, resulting in a significant reduction of unauthorized access and Web Accessibility.
